📍 | Savannah, Georgia

ABOUT ME

AI Systems Designer and Engineer exploring how intelligent systems reshape interaction and experience design. Focused on building adaptive, agent-based interfaces that evolve with users over time. Interested in pushing beyond traditional UI toward more dynamic and intuitive human-AI collaboration.

EXPERIENCE

Campus Lead OpenAI

Aug 2026 - Present

- Support campus engagement through the OpenAI Student Collective.
- Help students explore practical uses of OpenAI tools.
- Connect the SCAD community with AI resources and opportunities.
- Encourage AI experimentation in learning, design, and creative work.

AI Strategy & Innovation Consultant HKS, Inc

Aug 2026 - Present

- Support AI strategy and innovation across internal teams.
- Guide practical AI adoption and workflow integration.
- Evaluate opportunities to apply emerging AI tools across internal processes.
- Translate AI capabilities into practical recommendations for teams.

AI Systems Consultant The Corner Office, Ltd

Sept 2026 - Present

- Design an internal AI ecosystem connecting team knowledge and agents.
- Plan custom dashboards to support internal workflows.
- Map employee inputs and meeting notes to client service workflows.
- Develop plans for AI adoption and workflow automation.

SCADpro Ambassador Savannah College of Art and Design

July 2026 - Present

- Represent SCAD at campus and industry events.
- Connect students with SCADpro opportunities.
- Promote employer partnerships and student engagement.
- Support recruitment, outreach, and program initiatives.

SKILLS

- AI Systems Design Fluency
- Generative UI & Interactive Interface Design
- Rapid Prototyping
- Creative Coding
- UX for Emerging Technology
- Agent-Based System Creation

SOFTWARE

- **AI Systems & Rapid Research:** ChatGPT, Claude, Gemini, Perplexity, Antigravity, Cursor, Codex, Ollama
- **Design & Prototyping:** Figma, Adobe Creative Cloud, TouchDesigner
- **Productivity & Collaboration:** Microsoft 365 (Excel, Word, Outlook, PowerPoint), Google Workspace (Docs, Sheets, Slides, Gmail), Slack

EDUCATION

Savannah College of Art and Design

Sept 2024 - May 2028

Bachelor of Design, **Applied AI**
4.0 Major GPA
Consecutive Dean's List

Effingham County High School

Aug 2020 - May 2024

High School Diploma
Honor Graduate

EXPERIENCE

AI Creative Consultant Visionary Voices

July 2026 - Sept 2026

- Developed AI-powered production and creative workflows.
- Shaped AI marketing and content strategies.
- Researched and evaluated emerging AI tools and platforms.
- Produced AI-generated creative assets and campaigns.

AI Design Intern HKS, Inc

May 2026 - Sept 2026

- Improved internal workflows through AI-driven process optimization.
- Researched emerging AI tools for workflow efficiency.
- Assisted AI integration across internal company systems.
- Documented AI implementation processes and best practices.

AI Design Lead BMW x SCADpro

Mar 2026 - June 2026

- Collaborated on AI-driven design solutions across teams.
- Researched emerging AI technologies for product development.
- Supported machine learning integration and data analysis workflows.
- Documented best practices for AI implementation.

Quality Control Inspector NFI

June 2025 - Sept 2025

- Inspected materials for quality and specification compliance.
- Audited production processes for consistency and standards.
- Documented results and reported discrepancies.
- Used tools to verify dimensions and performance.

CERTIFICATION

- Adobe Certified Professional
- Lextant Certified
- Multiple Anthropic and Google Certificates
- Multiple OpenAI Certificates

RECOGNITION

- **Scholarships:** Academic Honors, SCAD Achievement Honors, Student Recognition
- Featured as "Top Perspective" on LinkedIn
- Invited to discuss AI work
- Most Improved Marching Band Member
